Your Sister in Christ

My dear and esteemed friend on this day I greet you under the blessing of the father, the son and the holy spirit of God, I hope you are well, in good health both physically and spiritually, we are all well here thanks to God, my faith in our lord increases every day, asking God to also touch your mind and your heart and may one day come to exalt and glorify his holy name, let me tell you that even if you are in that place God is still faithful and having mercy, God is good and has control of everything and everything is done under his holy and blessed will, the glory is God's I was remembering how you liked your work that you did since adolescence in the town when you brought those big fish (lebrance, snapper, grouper and others, as you were happy when you saw the faces of your friends and neighbors when you put a fish in their hands, I also miss when we saw you return from the conuco with those big rods, bananas, bananas, yuccas.

I can tell you that your son Abraham (chipuca) also likes the art of fishing despite his age he cares about helping his mother to get the daily sustenance, but let's have faith in God that soon you can return and continue your work of fishing and agriculture, the conuco I think is a little bit mounted, for there is no one to take care of it. Psalm 46:1 says that God is our shelter, our strength and our ready help in the midst of tribulation, so may God continue to bless you, we hope to see you soon if it is God's will, I say see you soon, we love you many. God is good late to wrath and abounding in mercy amen. Do not stop crying out to God and seeking His presence that He also loves you.

Blessings!

Carina Contreras

We write this letter on behalf of his children and wife to tell him and express to him the wonderful, kind, affectionate and humanitarian person that is Wilmer Moises Barceló, a quiet man without any vice and without problem with the law, he is the pillar of our family made up of Carina Contreras Yeguez and 4 children apart from 4 more children that he has with other couples, responsible for his mother since his father died 10 years ago, his mother suffers from several health problems, his eldest son sick since he was a child as a result of giving him meningitis was left as a special child we ask that you please take into account all our requests, explanations and needs that he had to do such illicit work not because he wanted anything like that and also to be able to make his house again for his mother that for reasons of nature was forced to evacuate it, we thank you very much for taking into account all our requests, thank you.

THAT Carina Contreras

My name is **Abrahan Jesus Contreras Yeguez** I am the second brother of Carina the wife of Wilmer Barcelo, as for the brother-in-law that I can say we have known each other since my birth so to speak, he is older than me by a few years; apart from the period that unites us as brother-in-law his mother is my godmother of baptism and since I know him he has always been an adventurous person, calm, responsible and an excellent father in their life as a couple they went through many difficult moments, I even wondered why God had put so many tests on them so strongly, I hope somehow they managed to overcome them in certain measures. But also; but I can also understand and comprehend in a certain way what led him to carry out certain illicit activities for the well-being of his family, I hope that you can understand and give him a new opportunity to regenerate again in society in a healthier way, to have a new beginning, in the name of our Lord Jesus Christ who blesses him where he is and who gives him the wisdom and understanding from now on go ahead so that he continues to be the excellent person he is.

Sincerely, Abrahan Contreras
